Statement of.....

Policy and Responsibility

SUBJECT: BUDGET

The superintendent will prepare and file with the Board of Education an Annual Budget as provided in the law. The budget, as adopted by the Board will govern the expenditures for such year.

The district administration will offer leadership in fiscal matters and will comply with state laws and regulations pertaining to all fiscal matters of the district.

Business management and fiscal responsibilities include financial planning, accounting, auditing, supply management, personnel management, plant and equipment management, insurance, debt service, cost analysis, and reporting.
