

Murray Special Education

## CORE VALUES

- ➡ We believe in children, like to help others, have fun, be creative and problem solve.
- ➡ We strive for success in ourselves and our students.
- ➡ We are a group of individuals who are fascinated with learning and want to make a difference in others' lives.
- ➡ We believe the need for education is great and that every student can learn.
- ➡ We believe it is important to listen to the child's voice; then provide resources, support, and boundaries to help each child build a framework for life.
- ➡ We believe children should be empowered through choice within a structure that inspires individual success.
- ➡ We believe all students need enough data to make informed choices based on their individual needs, abilities, and cultures.
- ➡ Our priorities include life, education, accepting and embracing differences.
- ➡ We believe it is important for students to experience a variety of teachers in order to learn tolerance, acceptance, and become well-balanced individuals.
- ➡ We believe decisions about students must be based on individual needs.
- ➡ We believe grades are too arbitrary to measure progress.
- ➡ We believe that one size does not fit all – We base educational decisions on individuals.
