 4th Term ----- June 1, 2012 ----- 44 days

The Murray Board of Education reserves the right to alter or amend this calendar as may be necessitated by unforeseen events. The Utah State Board of Education has ruled that school must be held a minimum of 180 days. However, during the 2011-12 school year, the Utah State Board of Education has given local school boards the authority to use two student instruction days for professional development to implement the new Common Core Standards. The Murray Board of Education has authorized the use of one day. The 2011-12 school year calendar reflects 179 instructional days.

**** Teacher Work day, March 23, will be a school day if an earlier day is lost due to snow.**
